Family

Friends

Preparation Time

- Problem!
  Using colors that don't contribute to insights can be confusing to the user

- Solution?

  Making sure that the colors mean something/evoke some feeling so that the user experience feels more intuitive

3

# Category Detection + Tag Colors

Preparation Time

No slots are suggested in rest hours

Users can always change any suggestion they wish

Slots suggested in more familiar spots (10:00, 10:05, 10:10...)
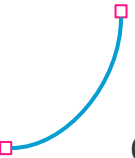

Meetings Service & Weekly Hours

Development of the Meeting Service Algorithm

User's Weekly Hours Preferences

Creation of the Meetings Database

Next Steps

- Perform usability tests

- Finish Use Case 1 - Schedule an appointment with two or more people

- Finish Use Case 4 - Define Weekly Hours for Each Event Category

‘*Saving time in managing time*’

Thanks for your attention!
